## GT7000ESQ PROFESSIONAL POWER GENERATOR

*with electric start*

The large 25L fuel tank and industrial quality of the GT7000ESQ will keep you in power all day. This single phase 230V machine includes all the GT Power features like industrial air cleaner & muffler system, superior quality copper wound alternator & automatic voltage regulator (AVR) and low engine oil alert with automatic engine shutdown. Combine these benefits with the premium build quality of GT Power and you have a machine that provides sterling service for a lifetime!

Featuring an inbuilt RCD and twin 15A outlets, this machine is ready to tackle the toughest task including powering a welding machine up to 150A!

### New Tomahawk Alternator Technology

#### The Key Benefits

- Increased power output from equivalent cc ratings, up to 10%!
- Better durability and engine/alternator life due to cooler running, lowered vibration.
- Better IP (waterproof) protection allows working in more adverse weather conditions.

Single Phase - 230V

# 7500W

**Capable of running multiple powertools, lights and industrial equipment, the GT7000ESQ is ideal for running the bach, farm shed or emergency back-up power.**
