GT10000ES PROFESSIONAL POWER GENERATOR

with electric start

The large 25L fuel tank and the industrial quality of the GT10000ES will keep you in power all day. With all the unique GT POWER features like industrial air cleaner & muffler system, superior quality alternator, automatic voltage regulator (AVR) and low oil alert, this state of the art generator empowers you to tackle any task!

This machine is the Big Boy in the range and packs a serious punch - being able to power a small house, workshop or a work site. Also the ideal generator for back-up power in natural disasters. Featuring a heavy duty outlet plug with adapter cord for maximum generator output
