

## GT POWER 2800W GENERATOR

#GT2600

- 2800W (max.) 2500W (cont.)
- EZ start recoil for effortless starting
- Industrial air cleaner & muffler system for cleaner, quieter operating
- 2 x 15A 240V outlets
- 15L fuel tank - up to 9.5 hrs continuous use
- Ideal for power tools, most household appliances or even boiling the jug
- Super portable - ideal for trade
- 24 month commercial warranty.

**\$595** + gst  
(\$684.25 incl. gst)

**SAVE OVER \$50!**

## GT POWER 3100W ELECTRIC START GENERATOR

#GT3000ES

- 3100W (max.) 2800W (cont.)
- Electric start (battery incl.) and recoil
- Industrial air cleaner & muffler system for clean, quiet operating
- Low oil alert with automatic engine shutdown
- 2 x 230V outlets
- 15L fuel tank - up to 9.5 hours continuous use
- Ideal for the home, farm or construction site
- 24 month commercial warranty.

**\$795** + gst  
(\$914.25 incl. gst)

## GT POWER 5500W ELECTRIC START GENERATOR

#GT5600ES

- 5500W (max.) 5000W (cont.)
- Electric start with backup recoil (battery included)
- Low oil alert with automatic engine shutdown
- Super duty alternator / copper windings
- 2 x 15A 230V outlets
- 25L fuel tank - up to 8.5 hrs continuous use
- Ideal for the bach, farm shed or emergency back-up
- 24 month commercial warranty.

**\$1195** + gst  
(\$1374.25 incl. gst)

## GT POWER 7000W ELECTRIC START GENERATOR

#GT7000ES

- 7000W (max.) 6500W (cont.)
- Ideal for running power tools, workshop equipment and most small caddy welding machines
- Electric start (battery incl.) and recoil
- Super duty alternator / copper windings
- 2 x 15A 230V outlets with 27A max.
- 25L fuel tank for up to 8 hours continuous use
- 24 month commercial warranty.

**\$1695** + gst  
(\$1949.25 incl. gst)

## 28A Rated Super Duty Extension Cord

#16895 NOW ONLY

**\$149.00** + gst  
(\$171.35 incl. gst)

**Save \$30!**

- Super Duty Moulded Fittings
- 2.5mm Copper Cable
- 15A Plug
- 28A Rated Continuous Use
- ANZS Approved
- 15m Length
- For high current applications such as induction motor startups and welding equipment
- 12 Month Warranty.

### Why do I need Heavy Duty 2.5mm Cable?

Working on a job site often requires power equipment. In most cases, this is going to require using extension leads. Power equipment designed to be operated from a 15A rated power supply often draws significantly more than 15A during start up or for peak output. Equipment powered by an electric motor is a good example of this.

Most off the shelf regular and so called 'heavy duty' extension leads use 1.5mm or smaller diameter electrical cables. This can be verified by checking the outside of the extension lead which should be printed with the cable size used. These extension leads are insufficient to supply start up/ surge current greater than 15A. The longer the extension lead, the greater the restriction.

The risks of operating equipment with an insufficient capacity extension lead are usually expensive and involve blown circuit boards and motor capacitors, burnt out motor windings and in extreme cases, fire.

For any equipment designed to be operated from a 15A supply, a sufficient capacity extension lead is vital to ensure reliable operation and prevent expensive electrical failure with no downtime of your valuable assets.

The 16895 extension lead is a safe and cost effective alternative to having a sufficient capacity extension lead custom made.

## The TOTAL Fuel treatment for all engines...

### Regular Use of Fuel Set:

- ✓ Maintains and Cleans Fuel Tanks
- ✓ Improves Fuel Performance & Economy
- ✓ Eliminates Water in Fuel
- ✓ Reduces Engine Maintenance
- ✓ Prolongs the Life of Engine Parts including Filters
- ✓ Reduces Emissions
- ✓ Revitalises and Winters Stagnant Fuel
- ✓ Prevents and Kills Diesel Bug
- ✓ Prevents Fuel System Corrosion
- ✓ Helps Prevent Diesel from Waxing in Freezing Conditions

- Diesel Engines
- Petrol Engines
- Marine
- Small Engines

# INVERTER GENERATORS

BREAK THROUGH TECHNOLOGY!

## 3300W INVERTER GENERATOR

#GT3500i

- 3300W (max.) 3000W (cont.)
- The ideal choice for worksite, emergency power and sensitive electronics
- 9L fuel tank for up to 6 hours continuous use.
- Only 68dB at full load
- Twin 230V outlet
- 34KG
- 24 month commercial warranty.

**\$1495** + gst  
(\$1719.25 incl. gst)

SAVE OVER \$50!

## 7000W INVERTER GENERATOR

#GT7005EFI

- 7000W (max.) 6500W (cont.)
- For home back-up, construction sites or emergencies where perfect power is essential.
- For use with battery chargers, drills, grinders, saws, lighting and more
- Full 28A available - IP66, 32A socket, for household backup
- Up to 10 hours run time at 80% load.

Enjoy the benefits of EFI Technology

- Fuel Savings - Save 35%
- Lower emissions by over 80%
- Lower noise levels
- 12% Power output increase from the same engine CC

NEW RELEASE!

**\$2995** + gst  
(\$3444.25 incl. gst)

## 3300W SILENCED INVERTER GENERATOR

#GT3500SE

- 3300W (max.) 3000W (cont.)
- Super silenced casing
- Ideal for worksite, emergency power and sensitive electronics
- Only 65dB at full load
- Twin 230V outlet
- Digital display
- Electric start
- 6hrs run-time
- 45kg

SAVE \$100!

**\$1895** + gst  
(\$2179.25 incl. gst)

## 2400W DIGITAL INVERTER GENERATOR

#GT2500i

- 2400W (max.) 2100W (cont.)
- Super compact, robust and portable
- Perfect for home back-up, camping, construction sites or emergencies where perfect power is essential.
- Powerful 4 stroke OHV Powerdyne engine for ultimate performance and reliability.
- For use with battery chargers, appliances, drills, grinders, lighting and more.
- Up to 5 hrs run time at 1600W
- 12V DC outlet

BONUS Protective Cover and USB Charger

**\$1495** + gst  
(\$1719.25 incl. gst)

WIN WITH GT POWER!

## How to enter - Its simple!

- Simply purchase any GT Power Inverter or Conventional Generator to gain entry into the draw.
- Enter your details online with proof of purchase on the link below or scan the QR Code.
- One entry per machine purchase.

Draw will take place 1st February 2018 and winner will be notified by email or phone.

# DIESEL GENERATOR

## GT Power Diesel 5500W Generator

#GT5500D

- 5500W (max.) 5000W (cont.)
- Electric start (battery incl.) with backup recoil
- Low oil alert with automatic engine shutdown
- 112kg with lifting frame
- 1x 15A, 1x 32A waterproof outlets
- 14.5L fuel tank for up to 13hrs running
- Ideal for the bach, farm shed or emergency back-up
- 24 month commercial warranty.

# WELDER / GENERATOR

## GT Power Welder/Generator

#GT200W

- 96kg, 200A Welder, 5500W (max.) Generator
- Monster 32A outlet with adapter
- Supplied with leads, ideal for site work
- Massive 18L tank
- Runs a 4mm electrode
- Super smooth ARC welding process 50-200A
- New generation AVR for smooth power delivery
- 24 month commercial warranty.

## Be Prepared with Yamaha Generators!

### 2300W GENERATOR

#EF2600FW

- 2300W (max.) 2000W (cont.)
- Only 71dB at full load
- 12L tank for up to 7hrs run-time
- Forced air cooling
- Ideal for back-up power in emergencies
- Twin 230V outlet
- 3 year warranty.

**\$1395<sup>+</sup>gst**  
(\$1604.25 incl. gst)

### 4500W GENERATOR

#EF5500FW

- Powerful 12hp/357cc OHV Yamaha engine
- Suited for industrial and domestic applications.
- Ideal for powering heavy duty tools at a remote job site
- 4500W (max.) 3800W (cont.)
- Over 9 hrs running time
- 25L long range fuel tank
- Low oil auto shut off
- Twin 15A outlets.

**\$2595<sup>+</sup>gst**  
(\$2984.25 incl. gst)
